

BOLD

INSPIRATION

The main design concept of the BOLD collection is to merge lightness and solidity at the same time. A light and dynamic surface that gently folds into an elegant and sculptural volume, creating a sensation of protection and comfort.

CONCEPT

Contrast is at the heart of the collection, outside and inside, solid and void, hard and soft, positive and negative, are merged together through a precious metal plate. This contrast is creating a unique collection with a strong personality and charisma, able to be perceived and inspire the final user. Elegance, Reliability, Dynamism, Self Confidence, In a word...BOLD.
